Dear Parent/Guardian

Enrolment scheme at Te Atatu Intermediate School Review

Due to Te Atatu Intermediate School having an enrolment process, a review is underway as follow up due to the 2019 enrolment scheme imposed by the Ministry of Education. This has been the first year at Te Atatu Intermediate School under this scheme. Therefore, the following classifications apply:

Classification 1: In Zone Student Applications.

Classification 2: Out of Zone Applications – ballot process as instructed by MoE and the Board of Trustees of Te Atatu Intermediate School.

The proof of address must be provided that the parents/main caregiver of the child who is enrolling, live in the enrolment zone of Te Atatu Intermediate School and so meet the criteria for their child attending Te Atatu Intermediate School.

Parents/main caregivers who live with other family members in a dwelling may find it difficult to provide sufficient evidence that they reside at the address provided as they are not responsible for utility costs, tenancy or mortgage at the address. The home owner or person named on any tenancy agreement that you reside at will need to complete the following, this will be acceptable as evidence of living within the zone as stated on the enrolment form. They will need to complete the bottom section of this form.

'Once attendance has commenced, Section 110 of the Education Act provides for the annulment of enrolment if the board has reasonable grounds for believing that, at the time of application, the parents provided false information or deliberately used a temporary address in an attempt to unfairly gain priority in enrolment.'

Please complete the following information and return to the school office.
