

TE ATATŪ INTERMEDIATE

Tū Tāngata

Equipping our students to stand tall: To be the best people they can be and, by becoming life-long learners, reaching their best potential.

MESSAGE FROM MR EVANS - TUMUAKI

Tēnā koutou katoa o Te Atatū Intermediate whānau

It has certainly been a busy and rewarding few weeks at TAI, with plenty happening across the school. Our recent camps were a fantastic success, and it was wonderful to hear the positive feedback from camp staff about our students. They commented on how well behaved our students were and how consistently they demonstrated great manners and respect.

It was also fantastic to have all four syndicate teams away at camp and to see our students challenging themselves, trying new things and stepping outside their comfort zones. These experiences are such an important part of school life and provide opportunities for students to build confidence, independence and resilience. A huge thank you to all of our parents and whānau for the support that made these camps possible, and especially to our staff, all of whom attended camp and gave their time and energy to ensure our students had such a positive experience.

We have also had some incredible results at the AIMS Games. Congratulations to all of our students who represented TAI with such pride and commitment. A special congratulations to Ezra R13, who placed 1st in Mountain Biking, an outstanding achievement. Well done also to Lachlan R3 and Jack R13, who represented the school in Yachting, with Jack finishing 3rd in the Year 8 Boys competition. Finally, Our Football team also had a fantastic tournament, finishing a very creditable 13th out of nearly 70 teams. They narrowly missed out on a place in the top eight, making their final placing an excellent result. A huge thank you to the many parents that helped make this happen.

This week marks the end of Term 3, and as we look ahead to the warmer months and the summer term, it is a good time to reflect on all that our students have achieved over the past few weeks. I wish all our students and families a fantastic two-week holiday break. Take the opportunity to relax, recharge and enjoy some quality time together.

We look forward to welcoming everyone back to school on Monday 12 October, ready for our final term of the year.

Have a safe and enjoyable holiday.

IMPORTANT NOTES

THANK YOU MS AUKINO!

As Term 3 comes to an end, we would like to say a big thank you to Ms Aukino, who has been teaching Room 6 during Mrs Northwood's term of leave. Ms Aukino has done a wonderful job supporting the students in Room 6 throughout the term, providing consistency, care and a positive learning environment while Mrs Northwood has been away. We look forward to welcoming Mrs Northwood back to Room 6 in Term 4, while Ms Aukino will continue to be a familiar face around TAI in different spaces across the school. Thank you, Ms Aukino, for everything you have brought to Room 6 this term – we know the students will miss having you as their classroom teacher!

CAMP CAREY

This term, over three quarters of TAI students headed to Carey Park, with our four syndicates attending camp across two action-packed weeks. For many students, it was three days of firsts – being away from home, trying new activities, facing fears, working together and getting to know classmates outside the usual school environment. From reaching the top of the swing shot and jumping into freezing water, to learning to kayak, tackling team challenges and simply spending time with new people, there were plenty of opportunities to step outside their comfort zones and create some great memories along the way. But don't just take our word for it! Scroll down to hear from students across all 15 classes as they share their favourite moments, biggest challenges and memories from Camp 2026.

TEACHER ONLY DAY

FRIDAY 23 OCTOBER

A reminder that Te Atatū Intermediate has a Ministry of Education-designated Teacher Only Day on Friday 23 October. This falls on the Friday before Labour Weekend, providing whānau with the opportunity to enjoy a longer weekend break. Our staff will spend the day working with an external facilitator to unpack the refreshed Science and Social Sciences curricula, in preparation for their implementation in 2027.

There will be no school for students on Friday 23 October.

TREES FOR SURVIVAL

On 26 August, 25 TAI students headed to Taupaki for our annual Trees for Survival Planting Day. Together, our students helped plant 827 native trees grown at TAI, contributing to a total of 900 native plants destined for the property. It was a fantastic hands-on day of learning, teamwork and caring for our environment. The planting covered 92 metres of waterway and will help stabilise stream banks, reduce erosion, filter runoff, improve water quality and, as the trees grow, provide valuable habitat for native birds and wildlife. A huge thank you to Dr Cherie Taylor-Patel and her husband for welcoming our students onto their Taupaki property and for their incredible hospitality throughout the day, and to our staff, parent helpers and Trees for Survival facilitator Deb Ross for supporting our students. It was a great opportunity for our students to see the difference their mahi can make in protecting and restoring our local environment.

KING'S COLLEGE INTERMEDIATE HONOURS BAND FESTIVAL

We were incredibly proud of our students who recently took part in the King's College Intermediate Honours Band Festival, bringing together more than 200 talented intermediate musicians from across Auckland for a day of collaborative rehearsals, culminating in an impressive mass concert band performance. Our students worked incredibly hard throughout the day and showed great focus and confidence. They commented on just how much concentration was needed when working with the different conductors, while also enjoying the opportunity to perform with their own conductor, Mr Davenport. One student shared, "Staying in time was tricky as sometimes the person next to me wasn't watching the conductor" – a great lesson in the importance of watching, listening and working together as an ensemble! The final sound was spectacular and a fantastic experience for our young musicians. Congratulations to all involved, and thank you to the families who came along to support them at the afternoon concert.

LOOKING AHEAD TO TERM 4

Term 4 is shaping up to be another busy one at TAI. We hit the ground running with Athletics Day in our first week back, followed by a full calendar of sporting, cultural and music events, our 60th Jubilee celebrations in November, and plenty of end-of-year milestones. For our Y8 students in particular, the final weeks will bring some special occasions as they prepare to finish their intermediate journey, including the Sports Prizegiving, Graduation Ball, annual Parakai trip and Y8 Prizegiving. Please keep these dates handy, with further information, permission forms and reminders to come throughout Term 4.

TERM 3 SPORTS ROUND-UP

It has been another busy term of sport at Te Atatū Intermediate, with students representing our school across a range of codes and competitions. The second half of the term was a little quieter on the sporting calendar as our four syndicates headed away to camp, but there have still been some great achievements to celebrate.

AUCKLAND CROSS COUNTRY CHAMPIONSHIPS

Following their performances at Western Zones, Ben and Brody went on to represent Te Atatū Intermediate at the Auckland Cross Country Championships. Ben was our top Year 7 finisher, while Brody was our top Year 8 finisher. A fantastic achievement to progress through to Auckland level and represent our school amongst some of the region's top intermediate runners.

WESTERN ZONE WATER POLO CHAMPIONS

A huge congratulations to our Navy Water Polo team, who finished the competition as Western Zone Champions! This was a fantastic result for the team and a great reward for their efforts throughout the competition. Well done to all of our players involved.

WESTERN ZONE VOLLEYBALL

On Monday of Week 10, 20 students represented Te Atatū Intermediate at the Western Zone Volleyball competition held at Glen Intermediate, with both a girls' and boys' team taking part.

Both teams gave it their best throughout the day and represented Te Atatū Intermediate well. It was a great opportunity for our students to test their skills in a competitive environment and finish the term representing our school.

HENDERSON VALELY BASKETBALL

Our Henderson basketball competition has now wrapped up for the term. A huge thank you to Tabitha, Eli R1's mum, who stepped up to coach and manage the team throughout the competition. Having whānau willing to give their time to support our students makes these opportunities possible, and we really appreciate it. Our YMCA basketball competition continues into Term 4, and we look forward to seeing our teams back on court after the holidays.

GOING THE DISTANCE

A huge congratulations to Jayce R3, who completed the 10.5 km Millwater Run on Sunday 13 September, crossing the finish line in an impressive 1 hour, 9 minutes and 14 seconds. Completing more than 10 kilometres is a fantastic achievement and something to be incredibly proud of. Well done, Jayce!

LOOKING AHEAD TO TERM 4 SPORT

There won't be much time to ease into Term 4, with our sporting calendar getting underway almost immediately.

Our Athletics Day will be held on Wednesday 14 October, in the first week back. Students have been preparing throughout Term 3 during PE, learning and practising the different athletics disciplines, with classes also having the opportunity to head down to Ramlea Park to practise their long jump.

Wrestling trials and training have also begun, with the final trial/training session taking place on Tuesday 13 October ahead of the competition on Friday 30 October. The venue is still to be confirmed.

In Week 4, a girls' and boys' team will represent TAI at Touch Zones on Tuesday 3 November, followed by Athletics Zones on Monday 9 November for students who qualify through our school athletics programme.

There will also be several Have a Go opportunities during Term 4, with further information to come.

REPRESENTATIVE AWARDS FORM

As we begin preparing for our end-of-year Sports Prizegiving on Thursday 3 December, we are asking whānau to let us know about students who have competed at representative or high-level competition outside of Te Atatū Intermediate during 2026.

This may include students who have qualified or been selected and competed at top-level club/Zonal, Regional/Auckland, National or International level.

If this applies to your child, please click here to complete the form and provide details of their achievement and participation.

Please note: All submissions will be reviewed against Te Atatū Intermediate's Sports Award criteria.

Completing the form does not automatically confirm eligibility for, or receipt of, an award.

ALL WELCOME — EVERYONE IS PART OF OUR STORY

TE ATATŪ INTERMEDIATE SCHOOL 60TH JUBILEE

13-14 NOVEMBER, 2026

Celebrating 60 Years

JUBILEE STUDENT MARKET DAY
FRIDAY 13 NOVEMBER, 12.00 PM–3.00 PM.

As part of our 60th Jubilee celebrations, all 15 classes will be getting involved in a special Student Market Day.

The Market Day will take students on a journey through the different eras of Te Atatū Intermediate.

Classes will be grouped across the 1960s–70s, 1980s–90s and 2000s–present day, with students designing, creating and selling products inspired by the trends, styles and popular items of their assigned era.

Over the first weeks of Term 4, students will begin working on a range of products including teacup candles, friendship bracelets, retro fabric creations, vinyl record art, pet rocks, tie-dyed tote bags, mini skateboard key racks, beaded keyrings, retro-inspired artwork, terracotta pot plants, clay creations, handmade soaps, seed paper, phone accessories, gift cards and more.

The focus is not simply on making lots of things to sell. Students will be involved in the whole process of developing a product that is well made, attractive, safe and saleable, with an emphasis on quality over quantity. This will give them a great opportunity to put their creativity and practical skills into action while also learning about product development, presentation, teamwork and enterprise.

On Market Day, students and visitors will be able to purchase items from the different era stalls using our special Jubilee Dollars. We'll share more information shortly about how Jubilee Dollars can be purchased, along with further details for whānau wanting to come along on the day.

All proceeds from Market Day will go towards our Jubilee Legacy Project, helping us enhance and beautify Te Atatū Intermediate and leave something lasting for future generations of students.

CAN YOU HELP US WITH MATERIALS?

A big part of the project is making creative use of donated and upcycled materials wherever we can. Before we go out and purchase everything new, we would love to see what our school community may have tucked away at home, in the garage or in the craft cupboard!

We are particularly looking for:

Resene or Dulux test pots and leftover house paint

Old teacups and saucers

Retro or colourful fabric scraps

Doilies

Old vinyl records

Ribbons, beads, wool/string, clean craft materials and other interesting items that could be repurposed.

Some of these materials will become completely new creations – old records will be transformed into wall art, fabric scraps into retro badges, teacups into candles and doilies into decorative bowls.

If you have anything suitable that you would be happy to donate, please send it along to the school office. We would really appreciate your support – every item we can reuse helps keep our production costs down, meaning more of the money raised can go directly towards our Jubilee Legacy Project.

Room 10 will be working on a modern-era product involving phone cases/accessories, and we need to get a better idea of the most common phone models within our community before purchasing supplies.

CAREY PARK CAMP STUDENT VOICE

One of the best things was knowing that when we got back to school we'd have all these stories to tell. If I could do one activity again, I'd choose the flying fox because it was really fun and there were different things you could try on it. I'd probably give camp a seven or eight out of ten. It was really good — I just would've liked more turns at some of the activities." - Beau R1

"My favourite activity was the slingshot because I got to try something new and go really, really high. I was nervous beforehand, but once I got on it, it actually wasn't that bad and I went all the way to the top! I learnt that you can try something new even when you don't feel comfortable because you might actually like it. I'd tell Year 6 students that camp is going to be really fun, you'll get lots of opportunities, and you should always give things a go." - Mania R1

"One moment I'll remember is doing the traversing triangle and leaning out so it felt like I was flying. I was also really proud during the water activities when my team was struggling to stop water coming out of the bucket and I worked out that we could use leaves around sticks to plug the holes. Camp also helped me get to know people better. Three words to describe it? Dirty, fun and learning." - Reko R2

"Kayaking was one of my favourites because everyone encouraged each other and we did team-building challenges together. Camp was also a really good way to make connections with people you wouldn't normally hang out with because you're put into different activity groups and cabins.

If you're nervous about not being with all your friends, everyone is pretty much in the same situation, so you end up connecting with new people and everyone encourages each other."

- Hannah R2

"My favourite meal was the nachos on the first night. I'm vegetarian, and it was probably the first really good vegetarian camp food I've had in ages! The traversing triangle was the most challenging activity because one of the logs was really wobbly and it was scary stepping onto it, but once I'd done it, it was actually really fun. Camp was so much fun, and all the people running the activities were really nice." - Rose R3

"The flying fox was probably the most challenging because it was so high. When I got up there I was thinking, 'Oh my gosh, it's so high!' but then I did it and it was really fun — I even went again. I also discovered that I really like kayaking. It was fun being able to paddle around by myself and go really fast. And obviously, one of the best things about camp was not having to do schoolwork!" - Evie R3

"My favourite parts were the confidence course and rainbow tag. I was nervous about the flying fox because I'm scared of heights, so I didn't end up doing it. If I could go back, I'd give it a go and tell myself not to be scared. Camp was also a good chance to get to know people in my activity group and cabin better." - Zaiden R4

"One of the funniest moments was when we were playing with a balloon in our cabin and it landed on someone's head while they were reading or drawing and gave them a huge fright! The hardest part for me was actually keeping track of all my belongings because I kept leaving them everywhere. If I could add another activity, I'd have an art activity where you could draw your favourite part of camp. I'd tell Year 6 students that camp is really fun and they should give it a go."

- Gabby R4

"My favourite activity was the traversing triangle because you're really high up and get an adrenaline rush. I was also proud of myself at the water hole because it was freezing and lots of people were scared to get in, but I was one of the first to go. Everyone seemed more laid-back at camp too — just enjoying themselves rather than worrying about schoolwork. I'd tell Year 6 students that camp is really good, and the food's good too!" - Foy R5

"Poles and planks was probably the most challenging for me. Our group wasn't really cooperating, so it challenged me as a leader to try to pull everyone together. In the end it was really fun, especially when we had to stand on a log and trust fall backwards into everyone's arms. I'll never forget camp because of the amazing people and the great experience." - Quinn R5

"Camp helped me get to know people I didn't really know before. I got to know Wiki a lot better and learned what he liked and what he was like outside of class. The swing shot was a really good teamwork activity because everyone had to pull the rope together and listen to the person on the swing. I also loved free time because I could hang out with friends who weren't in my activity group and play football, basketball and table tennis." - Jones R6

"The swing shot was the most challenging thing for me because I have a fear of heights, but I overcame it and went to the highest point. I felt really proud afterwards. I also learnt how well my classmates can work together. I'd tell a Year 6 student that camp is a good opportunity to focus on yourself, get used to being away from home and have fun." - Mary-Jane R6

"One thing I'll remember is going on the swing shot because it was really exciting. I tried kayaking for the first time too — it was fun, although I kept accidentally going left or right into the wall! Poles and planks was a really good teamwork activity because we had to listen to each other to work out how to complete it. The best thing about being away was getting to spend three days with my friends." - Jakob R7

"My favourite activity was the Burma Trail because it was really fun getting scared by the parents, even though I fell over a couple of times! One of the funniest moments was when the boys mixed everything together in one jug and called it 'Milo' before offering it to people. It was gross, but funny. I'd give camp a 10 out of 10 because there were so many activities and things you don't normally get to do." - Carter-Rose R7

"One of the funniest things was the Burma Trail because you could hear the first group screaming as they went through! My proudest moment was winning the talent show doing long poi by myself. I'd give camp a 10 out of 10 because it was such a great experience and I got to bond with all the girls in my class." - Pippa R8

"My favourite activities were kayaking and poles and planks because you had to work together and bond with your group. There was already such a good range of activities — some were more chilled and others were high-adrenaline like the swing shot. I'd tell Year 6 students that camp is really good for facing your fears, and you can have heaps of fun even if you don't think you will."

- Lucas R8

The river games were probably the most fun. We had to try to fill a huge bucket that had holes in it, do a three-legged relay with wet sponges and swim in the lake. I was proud of myself because even though the water was freezing, I jumped in for my team. I also really enjoyed getting to know my classmates better, sitting around in the cabin talking and playing cards. Three words for camp? Fun, messy and exciting." - Cooper R9

"My favourite activity was the confidence course because you knew there was always someone there to help if you needed them. Camp helped me get to know people's personalities outside of school through our cabins and activity groups. I'd tell Year 6 students to give it a go — some things are challenging, but once you get over that challenge, you want to do them again." - Terry R9

"The water hole was so much fun because we got to use the slide and swing. I was scared about the swing shot, but I did it — the release string wouldn't pull with one hand, so I used both hands and went flying! I even got three lollies for having the best reaction. I'll also never forget kayaking because there was a spider in Valentina's boat and she jumped straight into the icy water!"

- Naomi R10

"I was surprised by how many activities there were and how much you got to know new people. I learnt that I can face challenges even when I think I can't. I went to the maximum height on the swing shot and was really proud of myself afterwards. The food was good too — the butter chicken and rice was my favourite, especially with donuts and ice cream for dessert." - Lee R10

"My favourite activity was kayaking because I got to swap kayaks with my friend and then we got to swim afterwards — even though the water was cold as! On the confidence course, people encouraged me and told me I could do it and to believe in myself. I did it and felt really proud afterwards. Three words to describe camp? Fun, amazing and cool." - Jayce R11

"My camp didn't quite go to plan because I hurt my arm during kayaking and ended up having to go to the doctor and hospital, so I missed the slingshot. If I could go back, that's definitely the activity I'd want to do. I still really enjoyed getting to spend time with my friends and hanging out together in the cabin. If a Year 6 student asked me what camp was like, I'd tell them: fun — the best thing of my life!" - Kallias R11

"My favourite part was the Burma Trail because I got to hang out with my friends and get jump-scared by the parents. Kayaking was probably the hardest because I kept nearly falling out, but eventually I learnt how to balance properly. Camp also helped me get to know people better while we were playing ping pong and gutter ball. I'd give camp 10 out of 10." - Avi R12

The confidence course was the most challenging because I kept almost slipping off the tyres, but afterwards I felt really proud that I'd made it through without falling. One of my most memorable moments was taking my hands off for the first time while going down the flying fox. And the vegetarian lasagne on the first night was definitely my favourite meal!" - Emma R12

"Camp helped me get to know Reuben better because we ended up in the same cabin and discovered that we both like playing card games. The water hole was probably the most challenging because the water was freezing! My favourite meal was the pizza. If I had to describe camp in three words, I'd say challenging, exciting and thrilling." - Asher R13

"My favourite activity was the swing shot. It was scary, but everyone was encouraging me and I ended up going all the way to the top. One thing I'll remember for a long time is crate stacking. Ara and Jules set the record with 15 crates and I managed to get 13!" - Mia R13

"I got to know Zoe better because I saw her reading a Warrior Cats book, so we ended up hanging out together at camp. I was really proud of myself for going all the way to the top on the swing shot. I had to keep telling myself that it wasn't that high! Afterwards it felt so weird being back on normal ground." - Sol R14

"If I could go back, I'd want another go at the water hole, crate stacking or the swing shot — I definitely wished we'd had a second turn on that! One of the best things about camp was getting to know other people better. Now when I see them around school, I'll recognise their faces."

- Emerson R14

"My favourite activity was the flying fox because going all the way down was really fun. The swing shot was probably the most challenging. Once I'd done it, it wasn't scary anymore and I actually wished I had gone higher." - Jaden R15

"Kayaking was my favourite because it was really peaceful going down the lake. I was nervous about the flying fox because I thought I might fall, but afterwards I realised it was actually really fun. Some of the boys in my activity group also encouraged me to try the swing shot and told me there was nothing to be scared of. I'd tell Year 6 students that even if you're unsure, give things a go because you might surprise yourself!" - Hunter R15

CAREY CAMP 2026

BANDQUEST

2026
